Dear Sir/Madam,

Introduction

Following our recent techno-commercial discussions, we are pleased to submit our proposal for the fabrication-only scope of the Hypochlorite Injection Skid Shelter & Pump & Portable Water Tank Shelter project. This offer is strictly limited to the fabrication activities as defined in our scope of work.

Scope of Work — Fabrication Only

Our scope includes the procurement of structural steel with 3.1 MTCs, fabrication, hot-dipped galvanizing, and painting as per AGES-SP-01-002. Excluded from this scope are mechanical design, drawing preparation and approval, check testing, welding or painting inspection, any site work, NDE beyond the stated 10% MPI and 10% RT, installation, erection, commissioning, third-party inspection, structural steel material or fasteners, gaskets, and non-metallic items.

Drawings, Design Responsibility & AFC Status

Fabrication shall proceed strictly upon receipt of Approved for Construction (AFC) drawings provided by the client, who retains full design responsibility. Any revisions to these drawings or changes in specifications will be processed as a formal Variation Order.

Quantity, Weight Basis & Commercial Assumptions

The quoted price is based on the quantities, material grades, and weights specified in our offer, utilizing existing WPS/PQR and 100% visual inspection of weld joints. Any deviation from these quantities or market fluctuations in material rates at the time of PO award will be subject to adjustment via Variation Order.

Inspection, Testing & Final Acceptance

Inspection activities are limited to 10% MPI and 10% RT as specified, with all other testing excluded. Final acceptance of the works shall be deemed complete upon shop release at our facility, evidenced by the signed dispatch clearance.

Delivery Terms & Risk Transfer

The delivery basis is Ex-Works C&J; workshop, with risk transfer occurring immediately upon the loading of materials onto the client's designated transport vehicle. Any subsequent logistics or site delivery requirements are outside our scope.

Schedule & Prerequisites

The project schedule shall commence only upon the fulfillment of four mandatory prerequisites: receipt of a signed Purchase Order, clearance of the advance payment, receipt of all AFC drawings, and delivery of all
