Our Ref: CNJ/142923/04/2026

Dear Sir/Madam,

Introduction

We are pleased to submit our techno-commercial proposal for the fabrication of structural steel for the Hypochlorite Injection Skid Shelter & Pump & Portable Water Tank Shelter. This offer is strictly limited to a fabrication-only scope as per our recent discussions.

Scope of Work — Fabrication Only

Our scope includes the procurement of structural steel, fabrication, painting, and galvanizing services as specified. Excluded from this scope are mechanical design, drawing preparation and approval, check testing, welding or painting inspection, any site work, NDE beyond the stated scope, installation, erection, commissioning, third-party inspection, and the supply of structural steel material or fasteners.

Drawings, Design Responsibility & AFC Status

All fabrication activities shall be performed strictly in accordance with the Approved for Construction (AFC) drawings provided by the client. Any subsequent changes to these drawings or design revisions will be treated as a formal Variation Order and may impact both the project schedule and cost.

Quantity, Weight Basis & Commercial Assumptions

The commercial offer is based on the quantities and material weights explicitly stated in our proposal. Any increase in scope, material quantities, or weight resulting from drawing revisions or client instructions will be subject to adjustment via a formal Variation Order.

Inspection, Testing & Final Acceptance

Inspection and testing are limited to 10% MPI and 10% RT as defined in the scope of work. Final acceptance of the fabricated items shall be deemed complete upon shop release and the issuance of the dispatch clearance note from our facility.

Delivery Terms & Risk Transfer

The delivery basis is Ex-Works C&J; workshop. Risk of loss or damage to the materials transfers to the client immediately upon the loading of goods onto the client's designated transport vehicle.

Schedule & Prerequisites

The project schedule shall commence only upon the receipt of a signed Purchase Order, the required advance payment, the provision of all AFC drawings, and the delivery of all Free-Issue materials to our workshop. Any delay in fulfilling these prerequisites will result in an automatic extension of the delivery schedule without penalty.

☐ Fax : +971 2 5553 966

☐ E-mail : cjengsales@cjengg.com

Payment Terms, Warranty & Liability

Payment terms are 7 Days Credit and 15 Days Credit for respective milestones from submission of Probus Engineering and Construction Pte.Ltd certified invoice with SES No. mentioned at the Abu Dhabi office. We provide a warranty of 12 months from the date of dispatch, limited strictly to the scope executed by C&J.; Our total liability is limited to the contract value, and we shall not be held responsible for any indirect, incidental, or consequential damages.

Validity & Contractual Basis

This offer shall remain valid for 30 days from the date of submission. Upon award, the Purchase Order, approved scope, agreed drawings, and this techno-commercial proposal shall together form the basis of the contract.

We trust the above clarifies our scope, responsibilities, and commercial basis. Should you require any clarification or additional information, please feel free to contact us. We look forward to your valued order and to executing this project to your satisfaction.

Should you require any clarification or alignment discussion on the above, we remain available for coordination.

We appreciate the opportunity to engage with Probus Engineering and Construction Pte.Ltd and look forward to your confirmation and continued professional association.

Yours faithfully,

For C&J Gulf Equipment Manufacturing LLC.
